

SHOES FOR PROFESSIONALS

HAIX®-FP-System

HAIX®-AS-System

Upper Material: Nubuk leather, hydrophobic, breathable, 1.9 – 2.1 mm thick

Inner lining: High quality leather

Cut Protection: KEVLAR® protection against cuts certified with cut category 1 (20m/sec.)

Non-woven insole: Non-woven insole absorbs sweat and moisture

Footbed: Insole, anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly

Protective Toe Cap: Anatomically formed protective toe cap

Protective Throughsole: Flexible protective and metalfree KEVLAR® throughsole

Sole: TPU/PU sole with robust street tread, superior bending comfort, highly wear resistant, non-slip traction - even in cold weather. The low-weight PU, impact-absorbing wedge ensures outstanding walking characteristics.

Very good insulation from cold. The sole is resistant against heat, oil and gasoline resistant, non-marking. Compliant with EN ISO 20345:2004

HAIX®-AS-System: Optimal support and shock absorption in the arch provided by an anatomically formed last. Improved heel and arch design provides support while securing the foot, allowing for increased comfort and range of motion in the spacious toe box

HAIX®-FP-System: Flex Protection, protection of the flexzone.

Others: Easy running lacing elements of high quality, integrated heel bend, no side seams, reinforcement in the toe area, TPU-toe cap

PROTECTOR LIGHT
