

BAGS OF CHARACTER

DMM BAGS

As ropes form the lifeline of most lightweight safety systems, it is essential to look after them.

Our new range of **Porter Rope Bags** are designed for exactly this purpose. Available in various sizes to suit every job.

The new **DMM Tool Bags** are essential pieces of equipment for any technician who has to carry equipment to a worksite at height. Easy opening top and semi-rigid 'Equal D' cylinder shape make it simple in use. Multiple clipping and racking options help keep dropped object potential to a minimum.

TRANSIT ROPE BAG

Large and strong, the DMM Transit rope buckets will take 30 and 45 litres each. The DMM rope buckets are the perfect companions for your ropes in the workplace, giving ease of storage and carrying ability whilst keeping ropes clean and safe on site.

All DMM ropes are individually marked with batch numbers for traceability.

FEATURES AND BENEFITS

- Made from heavy duty N500D x 500D Tarpaulin for strength and durability
- Draw cord closure
- Removable rucksack straps for easy hauling
- Daisy chain outside webbing for kit connection
- Vinyl front pocket for documents
- Interior pocket
- Interior tie off loops to tie rope ends
- Top compression straps for additional kit
- Reflective piping and logo for night location

TOOL BAGS

Two sizes of tool bags that cover all options for storing kit whilst at work.

FEATURES AND BENEFITS

- Made from heavy duty N500D x 500D Tarpaulin for strength and durability
- Carabiner or belt attachment options
- 2 tubular carry handles that double as racking loops
- Internal racking loops
- Draw cord closure
- Reflective piping and logo for night location
- Daisy chain outside webbing for kit connection

PORTER ROPE BAG

The DMM Porter range of bags will take 45 and 70 litres, with a blow moulded back panel and substantial carry system. They are designed for carrying loads over greater distances than the Transit bags. The Porter also has a detachable waterproof lid and heavy duty top handles.

FEATURES AND BENEFITS

- Made from heavy duty N500D x 500D Tarpaulin for strength and durability
- Removable waterproof lid
- Draw cord closure
- Reflective piping and logo for night locating
- Daisy chain outside webbing for kit connection
- Interior pocket
- Interior tie off loops to tie rope ends
- Top compression straps for additional kit
- Removable rucksack straps for easy hauling
